

## Science

In science we will be studying the topic of Evolution and Inheritance. We will be looking at the work of Charles Darwin, his discoveries and investigating for ourselves how animals have changed over time and how they have adapted to environments they live in. We will research our own family tree and discuss how things may have been inherited across generations.

## Computing

In computing we will be using Scratch to create our own maze games and a 3D modelling application to create 3D objects and studying animation.

We will use this software to animate topic based studies and a number of one off challenges, such as the changing seasons.

## Art & Design Technology

In Art, we will continue to investigate the use of tone and shade in our drawings whilst working with a variety of mediums to create our artwork based around the theme of Greek myths, gods and goddesses. We will also be looking at Street Art and creating our own versions to 'Make our Voice Heard'.

## Year 6 Term 3 and 4 2024

### Recommended Reads

Percy Jackson and the Lightning Thief – Rick Riordan  
Greek Myths and Legends  
The Explorer – Katherine Rundell  
No Ballet Shoes in Syria – Catherine Bruton

## Religious Education

In RE we will explore the big question; 'What difference does it make to believe in Ahimsa (harmlessness), Grace (the generosity of God) and Ummah (community)?'

## Languages

We will be continuing with our French lessons, focusing on learning key questions and responses and sharing our likes and dislikes.

## Geography

In Geography we will be focusing on the learning question, "Where does our Energy Come From?" We will use a range of questioning techniques and research methods.

## History

We are studying Ancient Greece, its place within history, how they lived and their legacy.

## Music

The children will have opportunities to listen and appraise different types of music as well as getting to use programmes to compose their own.

## PE

We will continue to develop our team building skills in Hockey for outdoor PE. In Indoor PE we will be developing our New Age Kurling skills.

## PSHE

We will be focusing on making positive contributions to our community, including discussions on Government, charity and law.
