

Science

Term 5

We will be learning about living things and their habitats. The children will be exploring different habitats and how animals adapt to them.

Term 6

In Term 6 we will be learning about teeth and digestion. We will be learning about the function of, and how to look after our teeth, as well as exploring the journey food takes when it enters our bodies.

Computing

In ICT the children will be learning to create a sequence of instructions to program a device to accomplish specific goals.

The children will use the internet to find information. We will also discuss how to use the internet safely.

Design Technology

During Terms 5 and 6 the children will be investigating how levers and pulleys work and will be making some of our own.

Religious Education

The children will be learning about religious leaders. We will be learning about Islam.

Languages

In French, the children will focus on basic vocabulary e.g. classroom equipment, colours, animals and body parts. This will be taught using the five strands: speaking, listening, reading, writing and intercultural understanding.

Year 4 Term 5 and 6 2018

Art and Design

We will be learning about human proportions and drawing robots in different media to link with our English work.

We will be studying the work of J.M. Turner and painting in a similar style.

In term 6 the children will be learning about perspective and applying this to their work.

Geography

In Terms 5 and 6 we will be learning about coasts and rivers in the U.K. We will learning about coastal features and the physical changes which occur along the coastline over time. We will be using maps and atlases.

History

We will be studying how some coastal resorts towns have changed over time and the effect of industry on coastal resorts.

Music

This term the children will be using the percussion instruments to investigate rhythm and tempo. They will learn a variety of songs which they can accompany with the instruments. We will listen to 'Rhapsody in Blue' by George Gershwin.

PE

The children will be taking part in circuit training and multi-skill activities during indoor P.E.

In outdoor P.E we will be practising throwing, catching, fielding and hitting with a bat. In Term 6 the children will be involved in athletics and weekly swimming lessons.
