PE and Sport Newsletter

December 2025

Hello and welcome to a celebration of all the sporting events and achievements in Term 2.

Year 5/6 Basketball Competition- Herne Bay High, 19/11/25

A huge well done to the children that took part in this year's basketball competition at Herne Bay High! They worked together excellently as a team, represented the school admirably and won the whole thing, beating Joy Lane in the final! Thank you to Mrs. Smith and Mrs. Marriott for taking them!

Girl's Football

Well done to the girl's football team who have played two league matches so far and are unbeaten. They opened up with a tightly-contested 3-3 draw with St. Mary's Whitstable and got their first win on December 1st, beating Chislet and Hoath 4-2. Well done to the team for an excellent start to the season with the remaining league matches taking place next year. Thank you to Miss. Wickham for coaching them!

Boy's Football

Well done also to the boy's team who have played three league games of contrasting fortune! They opened up with a heavy 10-0 defeat away to Herne Juniors, but since then have beaten Hampton 3-1 and narrowly lost a tight game 2-3 to Swalecliffe. Like the girl's, their remaining league games will take place next term.

Year 4 Unihoc Cornerball- Herne Bay High, 3/12/25

Six Year 4 children got their first chance to represent the school on Wednesday 3rd December at Herne Bay High. They took part in a cornerball festival and got the chance to test their skills against lots of other schools. Well done all who took part and thank you to Mrs. Duce who accompanied me on the day.

Kent Cricket- Chance to Shine

Years 2 & 4 have been coached this term by Tom Harris at Kent County Cricket club in their Thursday PE lessons. The children have made great progress over the term and have massively improved their cricket skills. Also, the programme has given the Year 6 sports leaders a chance to learn some new skills and help support the younger year groups in their sessions. Well done to all and thanks to Coach Tom!

Sport Outside School

Ronnie Smart has been excelling on the go kart circuit this year, moving up a class for 2025. He has competed excellently against older children and will be moving into bigger, more powerful karts for

2026. As well as improving his driving, Ronnie has also worked hard on the technical side, learning how to build engines and supporting younger drivers. Well done Ronnie!

Looking ahead to Term 3

Next term, football leagues will continue and we will be heading to the Cross Country and Sportshall Athletics competitions at Herne Bay High.

I hope you have enjoyed this terms newsletter. As always, please let us know if you have any sporting achievement you wish to celebrate - we love to hear them!

Mr Peal
Leader of Sport
