

### **Science**

In Term 3, we are looking at materials, natural and manmade. We will be describing their properties using scientific vocabulary.

We are linking this with our DT through making dragon dungeons.

In Term 4 we will be focusing on plants. We are going to observe and describe how seeds and bulbs grow into mature plants. We will also find out and describe how plants need water, light and a suitable temperature to grow and stay healthy.

### **Computing**

During Term 3 the children are going to become digital artists. They will study a variety of artists to help create pieces in different styles.

In Term 4 we will begin to learn about coding through the use of Scratch online.

### **Art & Design Technology**

In Term 3 we will use our designing skills to create dungeons. We will design criteria to help us make sure our designs are purposeful and evaluate them too!

In Term 4 we will focus on Art and Design, we are going to investigate artists who use nature to inspire them. This will help us create art centred around plants and habitats. We will be using watercolour and thinking about tone and colour.

## **Year 2 Term 3 and 4 2022**

### **Enquiry based Learning Project**

In our two terms, we're going to be focusing on Science, DT and Geography.

#### **Term 3: 'Dungeons and Dragons!'**

Vikings are expert Dragon hunters – we'll become Vikings and build dragon dungeons!

#### **Term 4: 'It must 'bee' Spring!'**

We've heard some changes in the woodland and Spring is the time for new life... I wonder what we

### **Geography**

We are going to be learning all about the 7 continents and the 5 oceans by sailing across them with Christopher Columbus and Percy Powell Cotton. We are going to think about what makes these countries special and learn how maps have been made and developed to help us navigate over time.

### **PSHE**

We have been learning about Me and Living in a Diverse World. We have talked about our similarities and differences as well as our impact on the world around us.

### **PE**

We have been learning some ball skills and challenging ourselves with some PE challenges. We are going to focus on our core muscles and work on balancing and gymnastic skills throughout the spring term.

### **Religious Education**

We are going to be learning about Easter and the festivals that Christians celebrate. We will think about important people from other religions and how they have had an impact on the world. We are linking our learning with PSHE and focus on diversity and why it is so important.

### **Music**

The children will be continuing to develop their music skills in school. They will be listening to music in order to find the beat and repeat simple rhythms. They will continue to create their own compositions.

### **History**

We will think about how the world around us has changed. We will be using the important skill of making timelines to help us make sense of important events that have happened in the past.
