

## Special Educational Needs and Disabilities Support at Davington Primary School

### *Getting some extra help for your child...*

Supporting children with special educational needs and disabilities is coordinated by Mrs Davison, our Assistant Headteacher and SENCo.

Children have may need lots of different kinds of help in school. They may need help with:

- Speaking
- Understanding what they hear
- Finding the words to say
- Playing with friends
- Sharing toys
- Holding a pencil
- Learning to read
- Learning to spell
- Counting and maths
- Understanding how they are feeling
- Feeling comfortable when things change
- Running around, throwing and catching a ball

These are just a few things we can help with in school. If you are worried that your child may need some extra help, do chat to their teacher or come and find Mrs Davison or one of our Well-being Mentors. We are outside every morning and after school too.

Miss Cooper is our family liaison officer (FLO); she is also a Well-being Mentor. Miss Cooper can help if you have worries about your child's happiness, well-being or behaviour at home.

Sometimes we may suggest we ask for some more help from a professional working outside the school. We will always talk to parents first before referring to anyone outside. We work closely with a lot of other professionals including school nurses, speech and language therapists and specialist teachers.
